### **Midi™ Spindles \$60, Premium woods start at \$75**

2 1/2" diameter whorl on a 9" shaft

Weight range: .7-1.4 oz, depending on the wood.

Our Midis™ are the most popular in size, and we make these in the widest range of beautiful and colorful woods. Spinners love Bocote, Zebrawood, Purpleheart, Bloodwood and Birds Eye Maple; others love rarer woods like Pink Ivory, Ebonies and Rosewoods. *Some rare woods\* are difficult and expensive to obtain, and may be higher in price.*

Visit the searchable [Bosworth Spindle Group](#) at Flickr to see many of our **Standard** and **Premium Midi**

™ woods. Some rare and unusual woods are in limited supply; not all woods available at all times. Colors may vary by monitor; different boards have varying color intensities and grain.

**These Standard Midi™ spindles are finished with standard 9" Birch shafts, ready to test and send.** Some whorls are pin-balanced for superb spin.
